

Isaiah D. Jordan

Curriculum Vitae

Ijordan@uidaho.edu

Masters Student, Bioinformatics/ Computational Biology

Education

B.S., Biochemistry

University of Idaho..... 2018

Teaching Experience

Organisms and the Environment (Bio 114) lab teaching assistant.....2018

Research Experience

Undergraduate Research - University of Idaho, Chris Marx lab:

Worked to construct kinetic models of metabolism of one carbon compounds, worked to construct constraint based models of metabolism.

Graduate Research - University of Idaho, Chris Marx lab:

Investigation of phenotypic heterogeneity in *E. coli* and *Methylobacterium extorquens* when exposed to stressors, computational modeling of the same phenomenon.

Grants and Fellowships

Departmental Fellowship - Department of Biological Sciences, University of Idaho 2018 - 2020
